***Old Business***

Cleve Willis presented progress toward the Prokopy Endowment. Specifically, he described a new, reduced goal of \$825,000. If the fund can reach that goal, Dean Steve Goodwin will match the output from the fund and hire an Extension Professor of Tree-fruit Entomology. Much discussion ensued, and it became clear that this goal was far more attainable than the previous \$1.5 million. To date, a total \$330,000 have been raised by family and friends, and a few individuals are available to potentially end the fund raising once the goal is nearly met.

Motion:        *The Board of Directors of the Massachusetts Fruit Growers' Association supports*

*Dean Steve Goodwin in his effort to develop an endowment to support the position of Extension Professor of Tree-fruit Entomology. We will commit to participating in this development effort and will attempt, through various sources including membership, to raise \$300,000 out of the total needed. A subcommittee (Nicewicz, Clark, Tougas, and Autio) will determine various ways to raise this total. The motion was moved, seconded, and passed unanimously.*

### ***New Business***

Alex Dowse presented the idea of developing a survey of pick-your-own apples in Massachusetts. It was agreed by consensus that this idea was good and should be pursued. Autio will canvas the directors for input on Dowse's draft and will develop an online version of the survey.

The date of the Annual Meeting was discussed, and it was decided to hold it in conjunction with the upcoming Commonwealth Quality meeting on January 7, 2011, at the Sturbridge Host Hotel, in Sturbridge, Massachusetts.

The meeting was adjourned at 3:45 PM.

Respectfully submitted by  
Wesley R. Autio, *Secretary*
